COMMENTS OF NORTHEASTERN STATE UNIVERSITY

Northeastern State University hereby submits these comments on the Petition for Rule Making (RM-7772) filed by the Community Broadcasters Association ("CBA") on June 10, 1991.

Northeastern State University is the holder of Low Power Television/Television Translator Broadcast Station License No. BLTTV-881129IC, Permit No. 881129IB, Call Sign, KO4DY. We have been operating as an educational/non-profit low power television station since the summer of 1987. We serve the campus of Northeastern State University and the community of Tahlequah, Oklahoma via a 10 watt VHF transmitter and are connected to the city CATV system which reaches some 3000 homes.

Although we are non-profit and may not directly benefit from the advantages of being perceived by advertisers as a four letter call sign or suffer the potential stigma of the term "low power", we do fully support the Community Broadcaster's Petition (RM-7772).

Copies of this filing have been sent today by first class United States mail, postage prepaid, to Peter Tannenwald, Esq., Arent, Fox, Kintner, Plotkin & Kahn, 1050 Connecticut Ave., N.W., Washington, DC 20036-5339, and the Community Broadcasters Association, P.O. Box 26736, Milwaukee, WI 53226.

Respectively submitted,
Northeastern State University
